

Our funder, the Howard Hughes Medical Institute, requires us to report this information to them each year. The questions below are taken directly from the HHMI report form. Please help us provide complete and accurate data!

Name: _____

School: _____

District: _____ County: _____

1. Number (not percentage) of students in your classes only by RACE and GENDER in the current (2009-2010) school year.

You may designate as many ethnicities (in decimal format, i.e., 0.25, 0.5) per student as appropriate as long as the total number of students adds up to a whole number. Please use decimals in increments of 0.25 ONLY (0.25, 0.5, 0.75, etc). **PLEASE NOTE:** These categories are given to us by HHMI. These are the exact categories we have to fill out on our grant reports. We're sorry to be unable to accommodate all unique categories, but please fill them out to the best of your ability and please do not create new categories. Thanks.
