

## 2006 PROGRAM IN PROSTATE CANCER RESEARCH/SPORE MEETINGS 5:00-6:00 PM

| PPCR SEMINARS            | SPEAKER  | TITLE  | SEMINAR LOCATION                      | DAYTIME MEETING LOCATION  |
|--------------------------|--|--|---------------------------------------|---|
| JANUARY 19, 2006         | <b>Michael Freeman, Ph.D.</b> , Harvard Medical School, Children's Hospital Boston, Department: Urology, David E. Retik Director of Basic Urologic Research, Associate Professor of Surgery.   | "Signaling Complexes in Cholesterol-rich Membranes"  | FHCRC Thomas Bldg., Pelton Auditorium |   |
| Feb 16, 2006             | <b>MEETING CANCELLED</b>   | _____  |                                       |   |
| MARCH 16, 2006           | <b>Robert H. Getzenberg, Ph.D.</b><br>Director of Urology Research, Brady Urological Institute, Professor of Urology and Oncology Johns Hopkins Hospital   | "Novel Prostate Cancer Biomarkers Identified by Proteomic Analysis of Nuclear Structure."  | FHCRC Thomas Bldg., Pelton Auditorium | M1-A403 Building: M: Arnold Room<br>Floor: First<br>Phone: (206) 667-3283 |
| APRIL 20, 2006           | <b>Gennadi V. Glinsky, MD, Ph.D.</b><br>Head, Translational and Functional Genomics Laboratory. Director, Translational & Functional Genomics Program, Ordway Cancer Center. Senior Scientist, Ordway Research Institute, Inc.<br>Adjunct Professor, Department of Surgery, Division of Urology Albany Medical College Center for Medical Science. | "The Rosetta stone of Oncogenomics: Genetic Signatures for Prostate and Breast Stem Cell Cancers as a Key to Individualized Target-Tailored Cancer Therapies." | FHCRC Thomas Bldg., Pelton Auditorium | M1-A403 Building: M: Arnold Room<br>Floor: First<br>Phone: (206) 667-3283 |
| MAY 18, 2006             | <b>William K. Oh, MD</b><br>Assistant Professor of Medicine, Harvard Medical School, Department of Medical Oncology/Solid Tumor Oncology, Genitourinary Cancer.  | "Prostate Cancer Databases: Lessons Learned and Potential Models for Success."   | FHCRC Thomas Bldg., Pelton Auditorium | M1-A403 Building: M: Arnold Room<br>Floor: First<br>Phone: (206) 667-3283 |
| JUNE 15, 2006            | <b>Lucia Languino, Ph.D.</b> is a member of the UMass Memorial Cancer Center   | "Integrin Cross-Talk with IGF-IR and Androgen Receptor in Prostate Cancer".  | FHCRC Thomas Bldg., Pelton Auditorium | M1-A403 Building: M: Arnold Room<br>Floor: First<br>Phone: (206) 667-3283 |
| <del>JULY 20, 2006</del> | <b>CANCELLED DUE TO SPORE MEETING IN BALTIMORE</b>   | _____  |                                       | _____   |
| AUGUST 17, 2006          | <b>SPORE RENEWAL MEETING</b>   |  | FHCRC Thomas Bldg., D1-080: Sze West  | B1-076 Building:<br>B: Weintraub Floor: First<br>Phone: (206) 667-6011    |
| SEPT. 21, 2006           | <b>Angelo M. De Marzo, M.D. Ph.D.</b><br>Associate Professor of Pathology, Urology and Oncology<br>The Johns Hopkins University  | "Molecular Pathogenesis of Prostate Cancer"  | FHCRC Thomas Bldg., Pelton Auditorium | M1-A307 Building: M: Arnold<br>Floor: First<br>Phone: (206) 667-3128      |
| OCT. 19, 2006            | <b>Cancelled- Due to conflict</b>  |  | FHCRC Thomas Bldg., Pelton Auditorium | M1-A403 Building: M: Arnold<br>Floor: First<br>Phone: (206) 667-3283      |
| NOV. 16, 2006            | <b>Mark Garzotto, MD</b><br>Associate Professor, OHSU<br>Director, Urologic Oncology<br>Portland VA Medical Center   | Topic: "Androgen Receptor Modulation of Prostate Cancer Resistance".   | M1-A305/307 Building: M: Arnold       | B1-076 Building: B: Weintraub<br>Floor: First<br>Phone: (206) 667-6011    |
| <del>DEC. 21, 2006</del> | <b>MEETING CANCELLED</b>   | _____  |                                       | _____   |

## 2006 Program in Prostate cancer research/SPORE MEETINGS 5:00-6:00 PM

| PPCR DISCUSSION MEETINGS | Group/Topic  | LOCATION                                      |
|--------------------------|--|---|
| JANUARY 5, 2006          | "Clinical Trials and Outcomes" (Tia Higano)  | FHCRC, Thomas Bldg., SZE E & W                |
| <del>FEB. 2, 2006</del>  | CANCELLED DUE TO SPORE ADVISORY BOARD MEETING  | <del>FHCRC, Thomas Bldg., SZE E &amp; W</del> |
| MARCH 2, 2006            | "Biomarkers, Genomics, and Gene Expression" (Janet Stanford)<br>Alan Kristal & Riki Peters presenting.   | FHCRC, Thomas Bldg., SZE E & W                |
| <del>APRIL 6, 2006</del> | <del>MEETING CANCELLED "Hormone Therapy" (Bruce Montgomery)</del>  | <del>FHCRC, Thomas Bldg., SZE E &amp; W</del> |
| MAY 4, 2006              | Steve Plymate will lead the discussion meeting with: "Is there really AI Prostate Cancer?"   | FHCRC, Thomas Bldg., SZE E & W                |
| JUNE 1, 2006             | <del>MEETING CANCELLED "Clinical Trials and Outcomes" (Tia Higano)</del>   | FHCRC, Thomas Bldg., SZE E & W                |
| JULY 6, 2006             | "Angiogenesis and Bone Remodeling in Prostate Cancer Bone Metastases"<br>By Colm Morrissey<br>And<br>MicroRNAs and Cancer<br>By Muneesh Tawari   | FHCRC, Thomas Bldg., SZE E & W                |
| AUGUST 3, 2006           | "Intracrine androgens in prostate cancer" (Bruce Montgomery & Elahe Mostaghel)   | FHCRC, Thomas Bldg., SZE E & W                |
| SEPT. 7, 2006            | Review of PO1 projects   | FHCRC, Thomas Bldg., SZE E & W                |
| OCT. 5, 2006             | Review of PO1 projects   | FHCRC, Thomas Bldg., SZE E & W                |
| NOV. 2, 2006             | 5:00-5:30 p.m. - Eva Corey, Ph.D. will discuss the PPG Project.<br>5:30-6:00 p.m. - Evan Yu, M.D. will discuss, "Measuring Biologic Response of Prostate Cancer to Therapy Using Metabolic Imaging with Positron Emission Tomography (PET)." | FHCRC, Thomas Bldg., SZE E & W                |
| DEC. 7, 2006             | "Hormone Therapy" (Bruce Montgomery)   | FHCRC, Thomas Bldg., SZE E & W                |
